Examiner's Statement of Reasons for Allowance

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements as recited in claims 1, 10, and 14:

The present invention is directed to an antenna system.

Regarding claims 1, 10 and 14, Carr (USP 3099836) discloses an antenna system comprising: first and second spaced radiating elements extending from a vertex at respective first ends and diverging from each other in a direction outward from the vertex to respective second ends. Carr, however, fails to specifically teach that each radiating element second end being connected to a first end of a terminating element through a coupler, the second end of each terminating element being connected to a common ground plane.

Claims 2-9 are allowed for depending on claim 1.

Claims 11-13 are allowed for depending on claim 10.

Claims 15-20 are allowed for depending on claim 14.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
